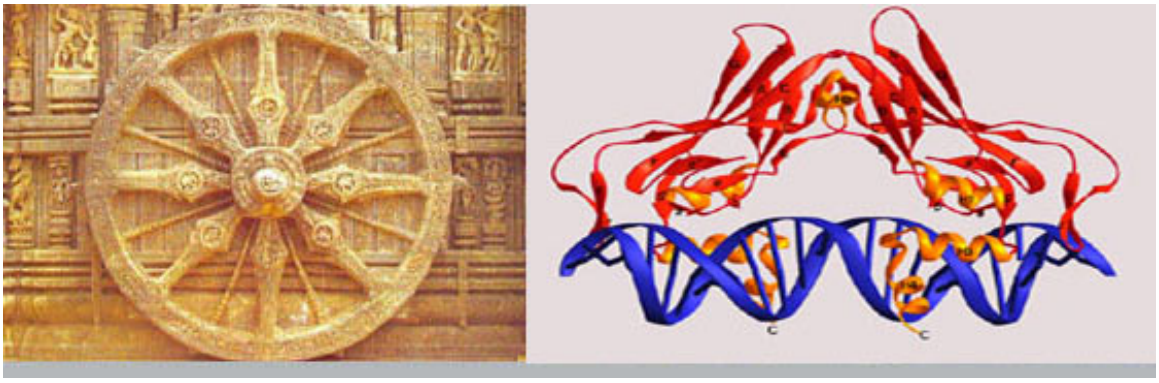
CALL FOR PAPERS (ISBB 06)

INTERNATIONAL SYMPOSIUM ON COMPUTATIONAL BIOLOGY & BIOINFORMATICS

DEC 15-17, 2006, BHUBANESHWAR, INDIA (in conjunction with CIT)



Venue: Swosti Plaza Conference Center, Bhubaneshwar
URL: http://isbb06.googlepages.com

Program Committee

Laxmi Parida (chair)
IBM T J Watson Research, & NYU, USA
Limsoon Wong
Inst. of Infocomm Research, Singapore
Jens Stoye
Universität Bielefeld, Germany
Naren Ramakrishnan
IBAB, India & Virginia Tech, USA
Pavel Pevzner
UC San Diego, USA
Saturo Miyano
University of Tokyo, Japan
Bhubaneswar Mishra
New York University, USA
Dan Gusfield
UC Davis, USA
Chitta Baral
Arizona State University, USA

Invited speakers

David Sankoff
University of Ottawa, Canada
See-Kiong Ng
Inst. of Infocomm Research, Singapore
Gene Myers
Howard Hughes Medical Institute, Janelia Farms Research Campus, USA
Gad M Landau
Univ. of Haifa, Israel & Polytechnic Univ., NY, USA
Ramesh Hariharan
Strand Life Sciences, Bangalore, India
Terry Gaasterland
UC San Diego, USA &
Scripps Inst. of Oceanography, USA
Alberto Apostolico
Georgia Tech, USA & Univ. of Padova, Italy

The twenty-first century is undoubtedly the century of biology. The subject has undergone a paradigm shift, and it is now a truly multidisciplinary pursuit involving biology, computer science, mathematics and statistics. The goal of this symposium is to bring together distinguished researchers from different disciplines working on biologically motivated problems in computer and information sciences. Enabling conversations between these groups would be of benefit to everyone and, hopefully, would lead to new collaborations and insights for all.

You are invited to submit an abstract in pdf format, no more than 5 pages long, reporting unpublished and innovative approaches to bioinformatics and computational biology for a twenty-five minute oral presentation. See conference web-site for format and submission. Accepted abstracts will be posted electronically on the conference web-site. The full versions of selected abstracts will be invited for publication in a volume on Computational Biology and Bioinformatics. These will undergo standard refereeing process before acceptance for publication.

Submission deadline: August 15
Author Notification: September 30

Organizing committee

Nitai G Dhall (Organising Chair)
Silicon Institute of Technology, India
Ramananda Mishra (Finance Chair)
Silicon Institute of Technology, India
Laxman Mohanty (Publicity Chair)
Silicon Institute of Technology, India
